***Exhibitors may have up to [six attendees](#) at the trade show, including both complimentary and paying participants.**

****Please note that each company must have its own booth, even if you are an affiliated company with a current sponsorship or exhibitor booth.***

Virtual Exhibitor Booth

All Super Champion & Exhibitor packages include a virtual exhibitor booth located in the CTOTF conference app.

Included in the virtual exhibitor booth is:

- View and interact with Users by sending them direct messages.
- Pose discussion topics and establish “meetups” with Users.
- Upload marketing documents to your virtual booth.
- Add trade show staff to your virtual booth.
- Lead Retrieval - Use your phones to scan QR codes on User badges. The lead list can be exported into a spreadsheet at any time and shared with their colleagues through email. In addition, exhibitors can further obtain insights about leads through their profiles and interact with them during and after the event.
- Using the App, you will be able to see any roundtable or evening events you are able to attend.

SUPER CHAMPION PACKAGE BENEFITS

Advertising & Company Exposure

- CTOTF Website to feature company logo with a link to company's home page.
- CTOTF will promote your company on our social media pages.
- CTOTF Conference Booklet
 - One full-page advertisement
 - Summary & contact information for your company
- CTOTF Conference APP
 - Company logo rotating banner at the bottom
 - Virtual booth included in the Conference App.
 - Interact with Users and contact them directly
 - Upload marketing documents to your virtual booth for Users to view.
 - Lead Retrieval - includes downloadable lists of people scanned

User Interaction Options Available

- CTOTF has no scheduled evening events on Sunday after the “Welcome Reception”, Tuesday after the “Trade Show”, or Wednesday after roundtables are over. Super Champions are encouraged to take these opportunities to engage with the Users.
- If you plan to host a User group evening event on Sunday or Wednesday evenings, we can collect RSVPs during User Registration and provide a live report link. User Registration begins on 3/2/26, so providing event details early will ensure that your RSVP report is as accurate as possible.
